Sprint 4 Plan

A = 1-2 days, 2 = half a week, 5 = week, 8 = 1.5 weeks, K = full sprint

Sprint 4

Tasks:

- Implementation of auth token. (3)
- Linking of front/backend for individual member profiles and login/signup pages. (4)
- Backend for rating page. (3)
- Optimize pages so they they work for all edge cases.(2)

This sprint is just to finish up remaining tasks and polish our app so that it can be presented to the customer.
